***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance:

In the amendment dated 30 June 2006, applicant added the limitations of the vane post (28) and the single actuation post only extend from the first planar surface and do not extend from the second planar surface. In the Berg reference, the vane post 26 functions to clamp the rings 20 and 22 together therefore, the vane post 26 must extend beyond the second planar surface. Because of this, the instant invention is distinct over the prior art.
